Subject – Tenant improvement Project for Arbor View Veterinary Clinic at 7441 Foothills Blvd, Roseville, CA

Dear Mr. Wells;

This letter is written to express my sincere thanks and appreciation for the construction work performed by your company for Arbor View Veterinary Clinic in the summer of 2006. Your dedication, support and patience, especially under the circumstances of a stressful deadline were greatly appreciated. Your follow up maintenance and ongoing support have also been invaluable in keeping the clinic facilities running at an optimal level. Your project team and office staff has been very kind, supportive and helpful.

Congratulations and thanks for a job well done. I would be happy to supply a reference in the future should you need one.
